

Key Stage 3 Class News Summer 2024

Things to note for your class

Teachers will continue to inform you if they need any specific items for a student's individual timetables.

Please could your young person apply suncream before they leave from home, and bring in a named bottle of suncream so we can re-apply this during the day, as necessary.

A named hat and named water bottle would also be good.
Thank you!

LS3 class - We will have PE on a Wednesday afternoon, practising skills that we will be using on Sports day.

We will be cooking on a Wednesday morning, but will be tasting the food in school rather than sending it home.

Topic this Term

KS3 students in the Summer Term will be looking at 'Food from around the World' and 'Where people go on holiday?'.

We will use the internet to research different types of food and where it comes from. Students will cook tasting meals in class which should be fun, as well as planning and preparing our own delicious recipes!

As well as food, we will look at the different types of holidays that people go on and look at planning a trip and how we would get there.

In Maths, we will continue our work on number and money, ready for the Summer holidays.

In English and literacy, we will be focusing on non-fiction texts and trying to use descriptive words in our writing. In Science, we will be investigating what makes for a healthy diet and linking this to our cooking.
