

# Key Stage 5 Class News Autumn 2024

## Things to note

### SIXTH FORM 1 AND 2

Across the Sixth Form department, we are getting to know some new students and welcoming back many friendly and familiar faces.

We have a fabulous staff team again this year and we are all looking forward to the term ahead.

Nat Lawson is the full time teacher in Sixth Form 1 class and Ruth McGuigan will be sharing the teaching role with Richard Monagham in Sixth Form 2.

## This Term

We are focussing on two of our BTEC Units:

### Unit 6 - Engaging in Personal Health and Wellbeing

We will be looking at personal hygiene and healthy choices as well as keeping ourselves safe and other related topics. We will be looking at different toiletries and their use and having visits from a dental education person and a hairdresser.

### Unit 15 - Exploring an Enterprise Activity

We are engaging in several Enterprise sessions including our car washing business, card making, Christmas crafts and art for the Christmas Bazaar, cooking weekly staff lunches and running a cafe once a month for bacon rolls and sausage baps etc.

In addition, Ruth is starting to organise college visits for students who are transitioning to other settings. Work experience is picking up pace as Helen Boon finalises her timetable. Students are working on their 'Listen to Me' books for their upcoming Annual Reviews. Some students are working towards their Functional Skills exams which we hope to help them sit a bit earlier this year.
